

LAND BANKS

**LAND BANK
CLEARS TITLE
AND
RETURNS LAND TO USE**

If you live near run down, abandoned or dangerous properties, the land bank helps you by helping transform those buildings into new homes, businesses, parks, gardens or other beneficial places. The long term goals of the Land Banks are to transform problem properties into community assets and to reinvigorate our hardest hit neighborhoods by facilitating development that leads to increased property values, reduced crime, improved opportunity and most importantly, renewed hope and pride in your neighborhood and our city.

For more information or to inquire about putting your property in the Mankato Land Bank, please contact the Mankato City Office at 785-378-3141.
